Upon entering the library front door, the meeting room is on the left.

The Library is on Jimmy Leeds Road, it is part of the Galloway municipal complex. It is to the rear, behind office buildings and police station.

Aviation Enrichment Symposium, Aug 18<sup>th</sup>, 2010

Ed Butterly

The FAA held their annual Aviation Enrichment Symposium on August 18<sup>th</sup> this year. Representing the Sky Blazers were Roy Wilson, Art Schoenrock, and myself. First timers were Hans Horn and Ken Bagdon. Dick Soucy stopped by and sent his regards. Roy provided a collection of scale and Old-Timer rubber powered and RC-assist models. Roy also had a Jeff Troy Tamecat that was covered with (gasp!) Monokote. Art brought a ¼ scale Stinson 105, a Sig Senior, and a Curtiss Jenny. Hans brought a “pizza box” flying wing and his semi-scale 1909 Demoiselle. Ken provided an F15 flat foamie and a CL scale P40 Tomahawk. I brought two trainers, a Midwest Aerostar 20 with a buddy box and an electric Lil Squirt.

The display arrangement was similar to last year, a roped off area with tables and chairs for display. However this year the FAA provided enough tables (9 total) to display all the aircraft. Having the aircraft on the tables had the advantage of displaying the models at eye level and at the same time keeping them out of harm’s way.
