September's Meeting Minutes

September 8th 2009

The Meeting was called to order by president Fitch at 1840 with the following present: V. Bundy, K. Dickerson, R. Fitch, B. Kirk, R. Sanders, R. Theroux, J. Tucker, M. Vossler, V. Whitney, W. Willson, V. Rybicki--11 total.

In an attempt to better last month's meeting length of 7 minutes, the minutes were dispensed with, as they had been printed in the newsletter.

In the absence of the Treasurer there was no report.

AMA Liaison reported on an auction to be held September 25th in West Seneca for those interested.

Safety Officer reported that everything looks good.

Field Marshall nothing new to add.

Old Business: the brushhogging of the field will

probably wait until next year, too late in the season now.

Fun Fly preparations were rehearsed, it appears all is as ready as we can get it. It was discussed to purchase one of the large inside frame awnings for club use for next year if one can be found reasonably. There will be a final spruce up party prior to the fun fly on Saturday 9-12 at noon for those who can make it.

Lease Renewal: Bob Theroux will check with Herb Vaughn and the village office to move this forward in a timely manner.

The president read from a 1986 club newsletter--it seems some things continue--the names just change!

It was moved to adjourn at 1858--not quite 7 minutes but a valid attempt!

Respectfully Submitted,
William C. Willson, Secretary

**PLEASE NOTE -
the WASPS
meetings are now
being held at the
Trinity Lutheran
Church in
Wellsville.**

A note from your favorite editing duet!

It's hard to believe autumn has officially arrived. I am sure all of you club members are busy preparing things for next year's flying season - quietly counting down until you can be enjoying your favorite hobby again. I know Vo certainly is.

This is a very short news-letter - we just haven't been getting information to include. I hope by now you have all received a meet and greet information form - please get those back to Vo ASAP so we can feature you in an upcoming newsletter. We'd also love to

have you provide stories and anecdotes to your fellow flyers so please submit anything you have to Vo to be included.

On a sentimental note, a fun way Vo has incorporated for the family to enjoy his "hobby" more is to personalize it. He was going to make a Sabres-themed plane but when he realized our daughter's college has the same colors, he changed it to a University of Rochester plane. Erika was thrilled with the picture and touched that he was doing this. I'm not sure if she'll want him to fly it (or God forbid

crash it) but it was endearing for all of us. I've included a picture here - next month Vo promised an article on how to cut custom graphics by hand. Until then - enjoy the season...

Warmly,
Rebecca
